Funding Programmes

Collective Research Networking

The CORNET approach is

- pre-competitive Collective Research,
- focus on SME
- bottom up,
- with no thematic restrictions, inviting groups from all industrial sectors.

A CORNET project consortium consists of three pillars in each participating country/region:

- SME organisation, association or cluster (depending on national structures),
- research performer and
- SME user committee

* Participation of at least 5 SMEs per country/region. The required number might differ depending on national rules.

The 35th Call will open in January 2023 and closes on 29 March 2023
