Faculty V - Mechanical Engineering and Transport Systems

Faculty VI – Planning Building Environment

Faculty VII – Economics and Management

Collaborative Research

German Excellence Strategy 2019

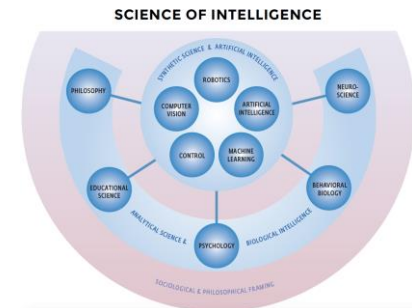

3 Clusters of Excellence for TU Berlin out of 7 Clusters for Berlin in total

A cross-institutional and transdisciplinary Cluster in order to explore and further develop new approaches in application-oriented mathematics

A Cluster with five interdisciplinary research areas on the elucidation and evolution of catalytic networks. The aim is to understand how reactants, intermediates, and reaction products come into customized contact with the various catalysts involved

A Cluster focusing on the better understanding of intelligence in all its facets. The aim is to fundamentally advance our ability to construct intelligent technological artifacts for applications of societal importance.

Strategic Partnerships R&D

non-university research institutions:

industry and private sector.:

Entrepreneurship & Start-up Support

- 25-30 Start-ups per year
